2020 Santa Ynez Valley Cabernet Sauvignon

The warm vintage has brought us a SYV Cabernet that is firing right out of the gate. The fun nose tantalizes with aromas of cherry cordial, red currant, and hibiscus. The palate offers complex layers of juicy dark berries, chocolate truffle, light tobacco, and spruce tips. Fine tannins heighten the flavors but yield to a refreshing finish of wild strawberry, licorice, and forest dew. The flavors will continue to integrate, evolve, and surprise for 15+ years, but it's a gorgeous wine today.

Reviewed by Matt Kettman

This bottling manages to pack in a riper side of Cab than is usually seen in Santa Barbara County, where an herbaceous quality tends to appear. This bottling starts with creamy aromas of purple fruit before landing on a palate full of cassis and violet. Black pepper and polished tannins complete the package.
