2021 Santa Ynez Valley Sauvignon Blanc

Intense and lifted aromas of lemon-lime, grapefruit, passionfruit, and green apple highlight the 2021 Santa Ynez Valley Sauvignon Blanc. The cool conditions during the growing season created an energetic wine with bright, zippy acidity. Expressive candied lemon, pink grapefruit, and passionfruit flavors lead to a chalky mineral finish. This is one of our favorite releases of this wine in recent memory. It should be consumed over the next 5-7 years.

Tasted in 2023

This is fragrant and expressive, with lemongrass, lemon verbena and matcha notes that find harmony with lemon-lime, ruby grapefruit and lemon sherbet flavors at the core. Gains intensity on the juicy finish. Drink now.

June 2022

Lightly effervescent in the glass, this bottling smells of wet lawn, green pineapple and pomelo on the tightly woven nose. A vibrant blast of acidity kicks off the sip, and the quick hit of tension gives way to riper passion fruit and light guava flavors

August 2022

The 2021 Sauvignon Blanc Santa Ynez Valley is bright and nicely focused, with terrific mid-palate pliancy to fill out the layers. Orchard fruit, mint, jasmine and citrus peel lend energy to this airy, gracious Sauvignon Blanc. All the elements are so well balanced.
