2022 Santa Ynez Valley Sauvignon Blanc

2022 was a small but intense harvest for our Sauvignon Blanc. Picked over several frantic nights because of an unusually intense, long heat spike, the highlight of the vintage is the wine's incredible freshness. Lemon, apple, grapefruit, and citrus blossom aromas jump out of the glass in this lively wine. The flavors in the mouth echo the aromas with nice textural tension and vibrant acidity that energizes the mouthfeel and keeps the freshness pumping on the wine's long finish. Drink this stunning Sauvignon Blanc over the next 3-5 years.

August 2023

There's an exciting wash of rainy concrete minerality to the nose of this bottling that pairs well with the kick of riper peach. The palate is quite taut in texture, surrounding lime peel, grass, honeysuckle and crisp nectarine flavors.

July 2023

The 2022 Sauvignon Blanc Santa Ynez Valley is a gorgeous wine that marries varietal character with an extra bit of textural richness that is typical of the year. Citrus confit, tomato leaf, sage, dried herbs and jasmine are beautifully delineated. This is impeccably done. Drinking window: 2023 - 2027.

November 2023

Wonderfully expressive, offering passion fruit, peach and mango notes that show accents of dried ginger, honeycomb and fragrant white flowers, with a hint of marzipan lingering on the juicy finish. Drink now. 1,340 cases made.—M.W.
