## 2018 Estate Grenache

### HARVEST DATE

11/16/18

### HARVEST

2018 was a fantastic vintage with almost perfect ripening weather and better than average yields of very high-quality fruit. A later start and end to the harvest brought back memories of a more typical Santa Barbara harvest season compared to the last several years. Another outstanding year!

### WINEMAKING

- Combination of Alban and Tablas clones, all estate grown.
- Berries were hand-sorted, then cold-soaked for seven days.
- Wine was fermented using native yeast for 10 days.
- The caps were punched down by hand three times daily.
- The wine underwent spontaneous native malolactic fermentation in-barrel.
