

2019 Purisima Mountain Vineyard Grenache Blanc

2019 got off to a late start due to the late season rains throughout May. The summer was mild with a foggy pattern in place most of the early summer which was followed by a dry and mild fall which kept the season on track for a late start and finish. Crop size was similar to 2018 with a few exceptions. The wines all possess the finest qualities from a milder season, bright acidity, and fresh, ripe fruit.
