

# BECKMEN VINEYARDS

## 2023 Purisima Mountain Vineyard Grenache Rosé

89% Grenache, 11% Syrah

Balard Canyon AVA

Our love of Grenache Rosé has inspired us to craft one every vintage since 1995. Harvested from specific blocks farmed to craft Grenache Rosé, the grapes are picked early capturing the best and freshest flavors that express our style. We lean towards a slightly darker color and with that a richer style of Rosé consistently blending a little Rosé of Syrah every vintage.

### *The Vintage*

Our decades plus long drought came to an end in 2023, a year of historic rainfall on our vineyards with over three feet of rainfall (our average is close to one foot). The rainfall brought cooler temperatures and a delay in bud break by around three weeks. The season remained cool to mild throughout the rest of the vintage with the sun finally breaking out in July. Harvest started about 2-3 weeks later than normal. It was a beautiful vintage harvested under ideal conditions at a very steady pace from the end of September through the beginning of November. Grape quality is extremely high. The combination of ripeness, balance and structure has yielded long lasting wines with immediate appeal.

### *Technical Notes*

Purisima Mountain Vineyard

Thomas and Judith Beckmen Estate Vineyard

Harvested: October 3 - 18

Alcohol: 13.4%

Case Production: 775

### *Winemaking*

Made from Grenache Clone #362 and Alban, as well as Estrella Syrah

Direct pressed

GRE yeast

26-day ferment

Four months aging:

6% Neutral oak

94% Stainless Steel

### *Sales*

Released: April 2024

Drinking Window: 2024 - 2029

SRP: \$30

UPC Code: 71368499578
